LETTER OF APPRECIATION

Karthikeya Sachin

It is with immense pride and appreciation that we, the **G-Electra (Smart Systems Club) of GITAM University**, present this ***Letter of Appreciation to Karthikeya Sachin*** for his outstanding service as the **Software Project Lead during the academic year 2024–2025**. His technical expertise, leadership, and commitment to innovation set new standards in the club. Notably, he guided his team to a **2nd Runner-Up** finish at **Smart India Hackathon 2024**, showcasing his ability to deliver impactful solutions.

Karthikeya has been at the forefront of **conceptualizing, designing, and leading the development of innovative projects** across diverse domains. His contributions span solutions such as the **Facial Recognition-based Attendance System, Vehicle Registration Authentication, Auto-Responder for Phishing Attack Detection, HyperText AI Content Summarizer, Optimal You, G-Electra Chatbot, Serenova – Healthcare Integration Platform, EverEase Expense Tracker, and an Event Management Portal**. These projects tackled real-world challenges in **healthcare, finance, and education**, demonstrating his vision for **scalable, practical, and sustainable solutions**.

As **Software Project Lead, Karthikeya** spearheaded these initiatives while mentoring a strong technical team. His **collaborative approach, confidence-building,** and **focus** on timely delivery strengthened the club's software wing and left a lasting impact on G-Electra's technical legacy.

Beyond projects, Karthikeya also served as the **DevBattle Incharge**, where he organized a competitive programming event featuring engaging problem statements that tested coding and logical reasoning skills. His effective planning and smooth coordination ensured a successful event and a valuable experience for participants.

Through his leadership and technical expertise, **Karthikeya** set new benchmarks in **G-Electra's** projects and events. The club sincerely appreciates his contributions and wishes him success in his future endeavors.

Sincerely,

M Naresh Kumar
